Dear Members,

This is with reference to mails received in response to our message dt 11 March,2016 regarding EGM Notice dt. 03March 2016, I am thankful to all members for their valuable inputs regarding proposed amendment in AOA & MOA of IISLA.

I on behalf of Council thank our members who always supported us inspite of rumors flared by a few members against council for deletion of INDEPENDENT WORDS from AOA. I assure you that such suggestions were never accepted by Council nor the council would ever scum to such suggestions of IRDAI at any cost. On behalf of Council I assure you all, that as per our AOA/MOA our membership is strictly restricted to an individual & Independent Surveyor & Loss Assessor only & there is no changes in our stand and no such amendment has been affected till date. I assure you that in future also word independent will not be deleted from the AOA.

Friends, this was only a proposal submitted after mutual discussion with Authorities & our council will never abide by any instruction given by IRDAI which would be against our members & this is on record of our earlier communications with IRDAI .

I understand that few of our members with vested interests regularly allege the Council by false allegations & are regularly acting against ethics/code of Conduct of IISLA. I assure members that now onwards IISLA council will certainly move against members who are acting against ethics/Code of Conduct /Regulations of IISLA.

Our Main Motto for proposed EGM is to incorporate Licentiate/Student membership and also Formation of Unit in our AOA for the benefit of Members for which we have also received many requisitions.

Now Considering objections recd. regarding timing of proposed EGM ,The council with a main objective that the members would be busy in meeting their professional commitments due to closing of the financial year and would not be in a position to devote much time for detailed study to express their valuable opinion, Council has agreed to postpone the proposed EGM . I hereby postpone the proposed EGM, so that amendments could be affected only after healthy discussion in the interest of members who are working as Independent/Individual Surveyors. The fresh date would be informed to the members well in time.

I will never deprive our members for their right to suggest in the matter which directly affect their interest.

I appeal members to study proposed AOA within a reasonable time & give their valuable opinion on our official mail id .

I on behalf of Council assure you that IIISLA council will never take any step which would be against fraternity.

With Rgds!
