Dear Friends,

Thanks for a over whelming response on Benevolent Fund, as the request of various members for social security is now acknowledged by the Council & now a relief in case of any disaster along with PA policy coverage be given to members.

Friends, We all must agreed that we are continuously working in disaster management & in this busy schedule we have almost forget to take care about our own liabilities & in case of any calamity, when any of our member or his family asked about any aid, we the council feel helpless that we cannot afford any handsome help to our members due to some technical reasons ,so to deal with this issue as per requisition of few members & approval of same in EGM now Council has agreed to launch Benevolent Fund with a very small amount which is even we spent in a Single Dinner/Movie along with our Family.

Friends, this little amount will helpful to your family when they need most. It may be having some lacunae /shortcoming but motive is only to provide social security to our family members & believe all the shortcomings will be taken care of by council in due course of time.

Trust On council & forget previous bad experiences & make fast to be part of Benevolent Fund not only to help yourself but your colleague friends in case of any calamity.

Moreover as per my earlier message dt 15<sup>th</sup> April 2016, I want to clarify that we can only rid off from Contract Survey, Inhouse Survey, Lesser Fee when we are united for doing self survey job. I don't want to take any action against my colleague friends but if in spite of continuous request few one has decided to work against profession/community, then I have no choice to show them the doors outside IIISLA. We should commit not to outsource our survey job to any assistant for the betterment of profession.

Friends, Regarding qualification issue under the surveyor regulations, It is to inform you that the matter is already under consideration with the Authorities & same was discussed with Authorities on Feb 12<sup>th</sup>, 2016 regarding difficulty to comply with present requirement of acquisition of prescribed qualification under surveyor regulations by the existing surveyors, (who don't have such qualification) within the transitory period of 3 years as per regulations. Authorities also noted the requirements of attendance of full time technical course by such surveyors will be difficult to comply. So it is decided that a refresher Course/Workshop may be organized by Our own Esteem Institute at various places with duration of 25 Hours (overall) covering the areas of technical qualifications. It was also

---

decided that the surveyors who don't hold the required qualifications but completed such course, can be considered for renewal of license after the transitory period.

So it is advised to all members not to panic on the issue & don't spent your hard earned money & energy in different Court cases , and If at any stage Council feel that Court cases are inevitable, then Council itself will move to court in supports of members.

All of you are further requested to trust on council & give us some time to meet your expectations.

Friends, Together we Can, Together we Win.

Rgds!

(Lalit Gupta)  
President.
