Yercaud

Yercaud is a hill station in Salem District, in Tamil Nadu, India. It is located in the Shevaroy's range of hills in the Eastern Ghats; the Yercaud hill area is called the Shevaroy Hills.

The British discovered it in the early 19th century. Though houses were built in 1840, the first metalled roads were laid only in the early 20th century. The cool climate attracted Christian missionaries and they established the Sacred Heart Convent for girls and Montfort School for boys. Schools like the Holy Cross Novitiate House, started by the Brothers of Don Bosco, followed these. **Yercaud** is situated at an altitude of 4970 feet , on the Shevaroy's Hills of the Eastern Ghats, located in Salem District of Northern Tamil Nadu.

The temperature never rises above 29⁰C and does not drop down below 13⁰C degrees. Yercaud is less expensive than either Udhamandalam or Kodaikanal.
