Sub: Letter Of Intent for project implementation: Automated Surveyor Allocation Portal

Dear Sir,

Based on our interactions and the proposal submitted by you in response to surveyor software platform of we would like to communicate our intention to place an order on your company for the software development of the project, titled "**Automated Surveyor Allocation Portal**". This will be a joint project between GICouncil and IISLA. Please note that the final agreement will be a tripartite agreement between GICouncil, IISLA and Dista Technology.

The project activities to be undertaken would be in line with scope of work as defined during the discussions and would include, among others:

Project Planning, Project Management, Requirements Gathering, Finalization of features, Software development, Implementation, Creation of test and final environments, Testing at unit level, regression and load testing, Maintaining systems for bugs and resolutions, Version control of software, Infrastructure setup and configuration, Infrastructure and license procurement, DR setup, support, warranty and maintenance, Training and Quality assurance, and all other tasks that will be necessary for the successful completion of the project as per the details laid out from time to time.

This letter is issued to help you mobilize your team and resources for the project, and to start planning and other activities.

The final firm order will be placed as soon as the internal processes at our end are completed and associated agreements are executed to our mutual satisfaction.

Total Project costs of setup of the system until GoLive is fixed at **1,00,00,000/-**.
