

# INDIAN INSTITUTE OF INSURANCE SURVEYORS AND LOSS ASSESSORS

(Promoted by IRDAI, Govt. of India)

Dt: 15-12-2025

Dear valued members,

NAMASKAR!

Wishing you a wonderful year coming ahead. While we are at the ending of this year with some sweet and sour memories, I thank you for the unconditional support, keeping faith and placing unwavering trust in us. The successful convention of Adjourned AGM and approval of both the agendas placed with remarkable majority is the testimony of your love and concern for the growth of our institute.

There have been some ups and downs, some highs and lows but we cleared all the hurdles with full confidence and unity. Your support and blessings have always been a motivating factor for us to serve you in a better and efficient manner. The unity amongst us is the key to expel all the negative forces who intend to derail the growth and progress of our institution. The success of AGM is a befitting reply to the ill intentions of those cowards who are working against the interests of members and wish to harm our institution for personal gains. You have not only devastated their ill conceived plans by rejecting them but also have upheld the honour and dignity of our members. I bow before your verdict and give you my word of sincerity with assurance that our institute shall evolve as a reckoning force in coming times.

We shall be presenting the draft of new AOA before you very shortly. The new AOA is drafted to watch the best interest of our members and a step towards good governance. For an early implementation of Automated Survey Allocation Portal, follow up and necessary dialogue with the Authority is underway. An opinion sought from Mr. Deepak Misra, Former Chief Justice of India along with a detailed report prepared by CC, IIISLA has already been presented to IRDAI. While the legal opinion confronts and dejects the concerns raised against the implementation of portal by GI Council of India in its totality and on the other hand, the report prepared by IIISLA draws the attention of Authority towards the violations being carried out by various insurers. Our stance on prevailing violations is not merely an allegation but is supported with hundreds of concrete evidences. It also suggests and highly recommends an immediate formation and implementation of Portal which only can eradicate the violations, directly impacting on the rights of customers and also empowers the surveyors to work with dignity and impartially.

Assuring you to serve with full commitment and devotion.

Thank you and best regards,

Rishi Partap Bhasin.  
President  
IIISLA.
