

INDIAN INSTITUTE OF INSURANCE SURVEYORS AND LOSS ASSESSORS

(Promoted by IRDA, Govt. of India)

Dear Members,

27/04/2022

IIISLA has been facing false communication spread by many unauthorized social media platform & Google groups made by certain identity. These groups have been interested in spreading news and so-called voices of IIISLA, which at times have been creating chaos.

The institute never ever felt the need till now, but now has decided to move a bit further to this new age of social media and Google groups by announcing the Official google group of IIISLA. All IIISLA members can register with their membership number (if submitted while joining the group for validation to accept membership) , which will be validated at the HO and group membership provided.

The Institute has decided to post valuable information and matters of concern to its members (via) our official website and through this google group. This will be a healthy forum and will always look for healthy debate and inputs from members.

With this IIISLA would like to make it clear that other such existing groups are nowhere related to IIISLA or its happenings, and IIISLA will not be liable for any communications or discussions in such groups, which if by mistake is followed by any member.

The members are requested to neglect and de register themselves from other such groups, If interested in valid, authentic and right information about our Institute. This Google group on behalf of the BOD of IIISLA will be maintained by the HO.

We whole heartedly welcome all our surveyor fraternity in profession and in membership with IIISLA to join the official Google group of IIISLA.

All members of IIISLA will be receiving invitation to join in your mailbox in a few days from now, as maximum allowed to add in a day is 200 members. All are requested to check the mailbox and join the official IIISLA Google group.
